GERMANS IN HEADLONG FLIGHT FROM SICILY

Yanks Close In on Axis Rear Guard in Vicinity of Milazzo

All Indications Are That Nazis Have Pulled Out Even Delaying Parties Leaving Italian Units Only To Face Climactic Push

VALUABLE EVACUATION AREA DENIED ENEMY

BULLETIN
BY NOLAND NORGARD
With the British Eighth Army in Sicily, Aug. 16—(AP)—British forces pursuing northward along the Sicilian east coast drove to within 15 miles of Messina today and came under German shell fire from the Italian mainland.

By RELMAN MORIN
Allied Headquarters in North Africa, Aug. 16—(AP)—United States troops were overrunning the Axis rear guard today in the vicinity of Milazzo, 14 miles west of Messina, and it was officially stated that the end of the Sicilian campaign "is now at hand."

The Americans, pushing up between 12 and 15 miles, advanced well beyond Barcellona to within heavy artillery range of Messina and it was assumed that this main escape hatch was already under ground fire as well as aerial bombardment.

Barcellona lies six miles south-southwest of Milazzo and 16 miles west of Messina.

The Germans were in flight.

All indications are that the Nazis have pulled out even their delaying parties and left Italian units to face the climactic British and American push. The campaign still was less than six weeks old.

The British captured Taormina, strategic harbor and road junction on the east coast 28 miles by road from Messina; Castiglione, eight miles inland; and the town of Kaggi.

(Admitting that Axis forces are quitting Sicily, the Berlin radio declared nevertheless, in a broadcast recorded by NBC, that the Messina Strait was heavily guarded and firmly in German hands.

"Anglo-American attempts to stop the ferrying service (to the Italian mainland, will be futile," it said.)

The arrival of detachments of forces of Lt. Gen. George S. Patton Jr., in the vicinity of Milazzo denied the Axis the use of this valuable evacuation area, including not only the port facilities but beaches suitable for landing small craft.

The thrust through Barcellona essentially isolated both Milazzo and the Sandy Cape bearing its name.

Forward elements of Gen. Sir Bernard L. Montgomery's Eighth Army were less than 25 miles from Messina.

Captured documents showed that the Germans, as usual, left Italians to cover their retreat. It was indicated that only some units of an Italian coastal division confronted the Eighth Army north of Taormina.

The Italians had been ordered to hold a five-mile line running inland from Roccamare, 18 miles south of Messina, the documents disclosed.

In the usual sense, the Sicilian "front" no longer exists. However a ring of strongpoints also been formed about the outskirts of Messina, aerial reconnaissance showed.

Official dispatches said numbers of Germans donned civilian clothing and attempted to infiltrate American lines to reach the rear area. Many were captured.

Bodies of 5,000 Russians Found in Orel Prison

Editor's Note: Henry C. Cassidy, chief of the AP's Moscow bureau, reached newly-freed Orel after a trip to the front in the Bryansk section under the auspices of the press section of the Soviet Foreign Commissariat.

By HENRY C. CASSIDY
Orel, Soviet Russia, Aug. 15—(Delayed)—(AP)—Under a pale moon shining over a wall of the Orel prison, Allied correspondents witnessed one of the most gruesome sights of this war in the opening stages of a mass grave where Soviet authorities said the Germans had cast about 5,000 bodies of their Russian victims.

These authorities, conducting a careful investigation of this and other evidences of the Germans in Orel, said most of the victims were Red army men who died of starvation while being kept in the grim two-story, red brick prison or were shot in the back of the head. No agreement exists between the Soviet Union and Germany like the Geneva convention on the treatment of prisoners of war, but Soviet authorities indicated a belief that the German conduct violated even the natural, unwritten laws of "humaneness."

BRYANSK IS OBJECTIVE OF SOVIET FORCES

Four Red Army Divisions Push Ahead From Captured German Bastion of Karachev

ESCAPE LINE SEVERED

By the Associated Press
Moscow, Aug. 16—Four Red army divisions pushed ahead from the captured German bastion of Karachev on the 26-mile road to Bryansk today, after severing the last main line of escape for Nazi troops trapped in the Orel salient.

The Communist party newspaper Pravda said that the Soviet forces were cutting through dense forests, seeking to prevent the Germans from organizing adequate defense lines on the river.

Karachev, last Nazi outpost on the road to the great German base at the rail center of Bryansk, fell after a bitter three-day battle which won a special commendation (Turn to Page Seven)

SCRAP PAPER DRIVE HELD IN PITTSBURGH
Pittsburgh, Aug. 16—(AP)—A scrap paper drive yesterday in which more than 1,000 truck drivers and other volunteers donated their services netted 33 freight cars of paper, George F. Callahan, Jr., chairman of the drive reported today.

From early morning until late at night members of the Teamsters Joint Council No. 40 (AFL) collected thousands of bundles of newspapers, magazines and brown paper.

The approximately 35,000 expected from the sale of the paper will be used by the American Legion to buy cigarettes for service men.

48 Jap Aircraft in Pacific Shot Down

Allied Headquarters in the Southwest Pacific, Aug. 16—(AP)—Allied warplanes, displaying in the protection of their ground forces a vigilance equal to the zeal with which they carried the attack to the enemy, shot down 48 Japanese aircraft—23 of them bombers—over the southwest Pacific battlefield yesterday.

This success, reported in today's communique from Gen. Douglas MacArthur's headquarters, was achieved at a cost of only five Allied planes and no more than three pilots.

In a weekend of almost ceaseless activity, the air forces under MacArthur's command attacked without loss the great Japanese-held oil port of Balikpapan on the east coast of Borneo, flying a record roundtrip of more than 2,500 miles to set huge fires among refineries, reservoirs and tank ships.

STAGE IS SET FOR QUEBEC CONFERENCES

Prime Minister Back in Canada After Spending Week-end at Hyde Park

STAFFS ARE ON HAND

BULLETIN
Washington, Aug. 16—(AP)—President Roosevelt returned to Washington today after three days of conferences with Prime Minister Churchill at the Roosevelt family home in Hyde Park, New York. The White House gave out no details of the president's trip beyond the statement it issued yesterday that the chief executive will join the war conferences in Quebec "this week."

BY DOUGLAS B. CORNELL
Quebec, Aug. 16—(AP)—Prime Minister Churchill was back in Quebec today after a three-day visit with President Roosevelt at Hyde Park, New York. The American chief executive was expected here shortly for the opening of their war strategy conference.

An announcement from the White House in Washington yesterday gave the impression the meeting of the president and the prime minister was primarily social, but there appeared little doubt they gave preliminary consideration to the conference agenda.

The prime minister returned here yesterday and immediately set to work. A White House announcement said the president "is returning to Washington, but he will join the Quebec conference this week."

Military chiefs of staff of both nations already are on hand.

Developments during the early phases of the war talks last week after the prime minister's arrival from England on Tuesday, suggested a four-point agenda for the final stages.

Allied military strategy for Europe presumably occupies the top spot among all matters the Allied leaders must examine.

The other three points apparently slated for consideration are linked with the first. They are:

1.—The conduct of the war in the Pacific.

2.—The immediate political problems which will spring from expanded combat action in Europe and there is little room left for such action except on the continent proper.

3.—The long-range political issues which will arise upon the attainment of victory.

Lad Charged With Slaying Girl of Ten

East Fishkill, N. Y., Aug. 16—(AP)—Arraignment of Edwin Codare, 13-year-old summer camper from New York City, on a first degree murder charge in the slaying of 10-year-old Elizabeth Voigt, was postponed today until Wednesday. Dutchess County District Attorney John R. Schwartz said he requested the delay in order to give Codare's relatives time to obtain counsel.

The prosecutor also announced that two state alienists had examined Codare and reported he was not insane or mentally deficient.

Assistant District Attorney Edward A. Russell said the boy gave this version:

He went to the Voigt home Friday to play with Elizabeth's brother, Arno, Jr. Elizabeth informed him Arno was working on a nearby farm. Codare asked her to show him the way. She accompanied him and when she resisted her advances en route he knocked her down, held a foot on her throat, pounded her head with a stone, raped her, dragged the body some distance and tossed it into a field.

Occupation is Yardstick Of Basis For Draft Deferment Under New WMC Regulations

Legion Head

Wilkes-Barre, Aug. 16—(AP)—Pennsylvania American Legionnaires think the commonwealth should participate in a federal program which provides maternity aid for the wives of service men. The Pennsylvania Department of the Legion, closing its 25th annual convention Saturday, adopted a resolution pointing out that more than 40 other states have decided to participate and urging that Pennsylvania do likewise. Delegates elected Frank N. Murray (above), of Scranton, as state commander and endorsed J. E. Isnerford, Waynesburg lawyer, for national commander.

Gas Ration Values Cut In The Midwest

Hope of Slight Increase For Eastern Motorists Is Held Out By OPA

DRIVING BAN REMAINS

Washington, Aug. 16—(AP)—Gasoline ration coupon values were cut to three gallons each in the midwest and southwest today, scaling those sections downward toward the sharply restricted eastern rationing allotments.

Chester Bowles, general manager of the Office of Price Administration (OPA) in a broadcast last night, held out the hope of a slight increase for eastern motorists early in September, if they cooperate with the no-pleasure driving rule.

It is expected that approximately 50,000 barrels a day may be diverted to the east, Bowles said and "as a result, on September 1, we should be in a position to remove the justly hated ban on pleasure driving," which, since last May, has proved such an irritant to our eastern motorists.

Meanwhile, he declared, the ban on non-essential driving continues. If all goes well, he said, the basic ration in the east may be increased in September from one and a half gallons a week to two gallons.

OPA also announced over the weekend that all old-type A, B, and C gasoline ration books will be recalled in for reissuance shortly. Issuance of re-styled coupons is designed to discourage counterfeiting and to halt the use of invalid coupons from expired books.

FIRST REGIMENT NOW AT INDIANTOWN GAP

Indiantown Gap, Aug. 16—(AP)—More than 1,000 officers and men of the Pennsylvania State Guard's First Regiment today began a week's intensive training in ways of protecting the home front.

The regiment, commanded by Col. John M. Gentner and with headquarters in Philadelphia, is the last of the guard's three regiments to train at the Indiantown Gap military post in the first summer encampment of the organization.

"Big Inch" Pumping 100,000 Bbls. Daily

Marcus Hook, Aug. 16—(AP)—"Big Inch" recently completed giant of all pipelines was in operation here today dumping 100,000 barrels of crude oil a day into huge storage tanks.

The flow will increase gradually to 300,000 barrels a day, when 150,000 barrels will be sent here and 150,000 to Bayonne, N. J., over two smaller branches of "Big Inch," J. J. Watson, superintendent of the pipeline at its Phoenixville, Pa., junction said.

A tiny leak, repaired yesterday, shut off the flow for three hours Saturday night. All the oil flowing into tanks here at present is for distribution to storage tanks and refineries in the Philadelphia area.

Non-Deferables Advised To Get Into Essential Jobs Or Face Induction

OBJECTIVES OUTLINED

Washington, Aug. 16—(AP)—Occupation, not family status, becomes the principal yardstick for determining whether men of from 18 to 38 will be inducted into the army under a series of new regulations issued over the weekend by the War Manpower Commission (WMC).

Although draft boards are expected to continue giving due consideration to hardships that would be caused by the induction of men with dependents, after October 1 the main question will be whether the physically fit can serve their country better in the armed forces or in war production and in support of the war effort.

WMC Chairman Paul V. McNutt said the program had three objectives: To hold essential workers on war-useful jobs, to assure transfer of workers to jobs aiding the war effort, and to supply men needed for the armed forces without cutting war production.

To that end, these steps were ordered:

A list of 149 "critical occupations" was announced. Persons employed in them gain super-eligibility for deferment from induction.

Draft boards were instructed to give greater consideration than ever to occupational deferments.

Twenty-three additional activities, 27 specific job occupations, were added to the non-deferable list. Registrants, even fathers, who remain in such occupations become subject to reclassification unless it can be shown their induction would cause extreme hardship to their dependents. (Fathers as a class become subject to induction after October 1, it previously had been announced.)

New standards were established governing the transfer of civilian workers from job to job, with the aim of facilitating transfers from less essential to more essential war jobs.

Lawrence A. Apple, executive director of the WMC, expressed hope that the new orders would make an outright labor draft unnecessary.

Five Children Die In Blaze At Carlisle

Carlisle, Aug. 16—(AP)—Five children ranging in age from 6 to 15 years lost their lives in a fire which swept through their home shortly before last midnight.

The victims were four children of Mr. and Mrs. Thomas Sipes and Louise Mae Holly, 6, a grandchild. The Sipes children were Robert C., 15; Mildred Pearl, 12; Margaret, 10; and Dorothy Jean, 9.

All were trapped in the second floor of the Sipes home. Mrs. Sipes escaped by jumping from a second floor bedroom and was treated for sprains at the Carlisle Hospital.

Another son, Benjamin, 14, returning home, saw the flames a block away and turned in the alarm. He told police he saw his mother standing at the upstairs window and told her to jump.

Three of the victims were dead when firemen entered the blazing home. Mildred Sipes and Louise M. Holly died en route to the hospital.

Lt. Porter To Be Speaker At Community Meet Wednesday

The Civil Air Patrol, Squadron 53, Pennsylvania, Warren, has arranged a community meeting to be held in the large court room of the Warren court house at eight o'clock Wednesday evening, August 18.

The main feature for the evening will be a talk by Lieut. Lloyd Porter, who is home on furlough after completing many bombing missions in North Africa, Sicily and Sardinia. Lieut. Porter will give a short summary of his experiences and will then conduct an open forum so that all may ask questions they may have.

Other speakers and guests will be: Captain Garcia and Lieut. Keeler of the Army Air Forces, Examining Board, Erie; Captain Edward Walker, Commander Group 5, Civil Air Patrol; Burgess Raymond W. Steber.

A fine program is being arranged and it is hoped that a large crowd will be on hand to hear our own Warren County hero as well as the other speakers and to help make this gathering an outstanding success.

This is a fine opportunity for (Turn to Page Seven)

Road Surfaces Washed Away By Heavy Rain

More serious damage resulting from last Friday's "lash" rainstorm seems to have been incurred in the vicinity of Russell, where a garage was struck by lightning, farm produce was covered to some depth by the raging waters and outlying highways were badly washed out.

Warren Lowe, superintendent of highways, estimated road damage in the Gouldtown section will be heavy and that losses will probably amount to between \$2,000 and \$3,000. Starting above the Gouldtown community church, near the (Turn to Page Seven)

State Potato Crop Rapidly Shrinking

Harrisburg, Aug. 16—(AP)—Pennsylvania's prospective potato crop is shrinking in volume with each additional day of continued hot dry weather, agriculture secretary Miles Horst reported today.

Potato fields in central and southeastern Pennsylvania are drying up under 90-degree heat, he said, while test digging has disclosed "the tubers to be small and rather poorly formed for this season of the year."

Horst's statement came after the Pennsylvania Co-operative Potato Growers Association at Gouldtown Saturday announced a state-wide survey showed the yield this year would be 20 percent below the average for the last decade due to poor growing weather.

The Federal-State Crop Reporting Service earlier this month said a 19,888,000-bushel potato crop was indicated on August 1, a drop of 325,000 bushels from July 1 estimate.

Warren County Salvage Committee, issued this morning an urgent appeal to all housewives of Warren County to turn in at once the waste fats they have saved. Mr. Corbett believes that, due to a misunderstanding last month, many housewives kept their waste fats at home with the impression that they would be called for. This was a mistake and the method of selling to the meat market is still the only method of disposing of them. Waste fats deteriorate rapidly in glycerin content the longer they are kept. That, whenever a careful has been saved, it should be taken immediately to the meat market. Fat is gathered twice each week by the renderer at the meat market, and thus a steady flow of this vital material is assured for the munitions industry.

As Mr. Corbett pointed out, Warren County was the only county in this section of the country showing a decrease of fat collections during the month of July. This decrease was 627 pounds which compared with increases from 100 to 900 pounds in neighboring counties, such as Erie, Chautauque, Venango, and Crawford. It is also the first month Warren county has shown a decline since the very beginning of the fat collection campaign. Mr. Corbett hopes that the steady upward progress in this phase of the war effort will be resumed when final results for the month of August are available.

CITY BLASTED THIRD TIME IN FOUR NIGHTS

Accounts From Neutral Sources Describe Vital Italian Industrial Center As Area of Desolation

RAIDS RESUMED TODAY

BULLETIN
London, Aug. 16—(AP)—The Vichy radio announced that Allied planes had attacked Paris this morning for half an hour.

London, Aug. 16—(AP)—More than 100 two-ton bombs were dropped on Milan last night, the air ministry announced today, as neutral sources reported the city swept by panic and huge fires.

London, Aug. 16—(AP)—Milan, Italy's greatest industrial city, was hit for the third time in four nights by RAF bombers last night and accounts from neutral sources indicated it was an area of desolation and panic.

As the bombers took the long trail over the Alps, RAF Mosquito bombers again raided Berlin.

Dispatches from Switzerland said thousands of Milan's inhabitants paraded through the rubble-littered streets of the ruined city this morning, five hours after the RAF bombers left, in a demonstration for peace. With debris 15 to 30 feet high in the streets, Milan has virtually ceased to exist as a city, these dispatches said.

Travelers reaching the Swiss frontier from Milan asserted that two towers of the cathedral had collapsed, the Sorsocco palace was destroyed and the Royal palace damaged. In the battered Scala Farina market yards, they added, rails stuck up like uprooted trees.

The attack upon Milan, hit twice previously since early Friday morning, was made in the bright light of a full moon.

The air ministry said a number of enemy fighters were encountered on the route to the northern Italian industrial center and at (Turn to Page Seven)

Axis Losing Subs At Rate of One a Day, Report Says

Washington, Aug. 16—(AP)—Axis U-boats have been destroyed at the rate of about one a day for the past three months in Allied sea offensives which, a joint announcement by President Roosevelt and Prime Minister Churchill, say have resulted in the loss of six American warships during the past 60 days.

More than 90 enemy submarines were sent to the bottom during May, June and July while United States undersea boats continued to exact a heavy toll of Japanese shipping.

Shortly after the Roosevelt-Churchill statement was issued the navy reported the sinking of seven more Japanese vessels and the damaging of five others by American submarines.

A navy communique yesterday reported the loss of six American warships. The submarine Pickering and the destroyer Maddox topped the list, which also included the gunboat Plymouth, the submarine chaser PC496, the mine sweeper chaser PC496, the mine sweeper vessel Redwing.

TOO SOON TO BOAST

BUT in addition to the 10 Blood Donors who have already made their third donations, 40 received their Silver Badges today and 33 on Tuesday. So it looks as though the Warren County Chapter of American Red Cross would have a Gallon Club equal in size to that of any chapter anywhere. This in spite of the fact that unless a critical emergency should arise, no donor will be called more than four times in one year.

Young Pastor Known Here Passes Away

Funeral services were held in Jamestown Saturday afternoon for Rev. A. Kermit Larson, 28, student pastor at Zion Lutheran church in Oil City and many times a visitor and speaker in Warren churches. Dr. Felix V. Hanson conducted the final rites and interment was made at Jamestown.

Rev. Larson was a son of Mr. and Mrs. Carl A. Larson, of Jamestown, and had served as supply pastor in various Lutheran parishes in this section during his student and seminary years. These posts included Chandler's Valley and Youngville, as well as Buffalo and Jamestown.

He was graduated from Jamestown High School in 1934, from the Lutheran Bible School in Minneapolis the following year and then attended Upsala College in East Orange, N. J., for two terms. Later he went to Augsburg College in Minneapolis, graduating there in 1939 and going on to Augustana Seminary, Rock Island, Ill., in 1940. He was unable to complete his work there, however, because of failing health. He went to Oil City in 1941 to act as student-pastor.

Besides his parents, he leaves his wife and one daughter, one sister and one brother.

Built high in the rocky mountains of central Sicily, the town of Nicosia presents an intriguing panorama to American soldiers rolling through its narrow streets.

Seven Grange Members Will Be Honored

Seven members of Warren Grange, No. 1025, will be signally honored at the regular meeting of the organization to be held at eight o'clock Wednesday evening in the IOOF lodge rooms on Hickory street.

At that time the following will be presented their 50-year membership certificates: Dr. C. J. Prantz, Mr. and Mrs. Mathias Fehlman, Mr. and Mrs. G. W. Blumberg, Mrs. Mary Thompson, of Warren; Mrs. Mary Porter, of Corry. It is hoped that there will be a large attendance at this session, since a special program has been arranged in addition to the presentation ceremony. Officers are asked to dress in accordance with the occasion.

Refreshments will be served at the conclusion of the evening, centering about a birthday cake in honor of the above members.

Special Invitation to Those in the Service

A special invitation is extended to all men and women in the service of their country, who are now home on leave or furlough, to hear Lieut. Lloyd Porter speak at the Community meeting which is being held at the Court House, Wednesday evening, August 18. A section of seats is being reserved for these men and women and their parents, husbands or wives and their presence will be appreciated.

Y.M.C.A. Has A Successful Camp Period

The second period of the local Y. M. C. A. camp was highly successful according to an announcement from the staff.

Twenty-six boys and three counselors attended this camp, which like the first, was held at Camp Jeimore in North Warren.

The group was divided into Commando Units, three in number, and called the Red, White, and Blue. In this manner they functioned all during the period.

Wednesday afternoon a track meet was held. The events included potato race, shot put, standing broad jump, push-ups, and javelin throw. A softball game was also played between the Red and the White in which the Red definitely showed their superiority. In the evening as part of the campfire period a scavenger hunt was conducted with the Red unit taking first place.

Thursday the softball league was continued and the Red unit defeated the Blue with the Blue defeating the Whites. This gave the Reds the softball title with the Blues coming in second. In the afternoon a hike up Jackson Run was taken by the entire camp. They enjoyed a swim and then hiked back to camp stopping on the way to enjoy some luscious blackberries they came across in the field. The campfire period of Thursday started off with a Snipe hunt. However the Snipe refused to come out into the open where the hunters could get their hands on them so a lot of disappointed but wiser boys trekked back into camp some time later.

The outstanding camper was John Hanna, "Dick" Stone was selected as the best athlete. To "Chuck" Irvin went the title of Snipe Hunter Deluxe and "Ted" Shattuck was pronounced the cutest boy in camp. "Dick" Stone also located the treasure in the hunt that was conducted all during camp.

This winds up the camping season for the local "Y" for this summer and a happy experience has been added to many of the boys of Warren.

Burned Out Family Seeking Furniture

The Salvation Army is making an appeal for furniture for Mrs. John Ray who was burned out a few weeks ago. Everything was burned leaving the family of four in very bad circumstances.

In order that this family might get re-established the following is needed: gas stove, table and chairs and cabinet all needed for the kitchen, two beds, springs and mattresses and two chests of drawers for clothing, needed for bedroom.

The ages of the children: girl 2 years, boy 4 months. Clothing is needed for these two small children. Mother takes size 14. Those who might have furnishings or clothing that could be used by this family call Captain Brandenburg 555.

GRANGE NOTES

DIAMOND MEETING
All members of Diamond Grange are asked to attend the meeting to be held at Tona Tuesday evening, since plans are to be completed for a community fair to be held in conjunction with the regular Diamond meeting in September.

TIMES TOPICS

LOCAL WMC OFFICE TO BE OPEN EVENINGS

The local office of the War Manpower Commission located at 225 Penna. Ave., W. Warren, Pa., will be open Monday and Tuesday evenings from 7:00 p. m. to 9:00 p. m. to register persons now working in nondeferrable occupations as listed in Paul McNutt's statement published in all Sunday papers.

AUXILIARY POLICE DRILL

Members of the Auxiliary Police are reminded of the drill that will be held at the city building Tuesday evening at 7:30 and a full attendance is urged.

ARCHIBALD CLASS

The Archibald Class of the First Baptist church will hold its regular meeting this evening at 7:30 at the home of Mr. and Mrs. Louis Lind, 5 Wilson street.

CORP. GHER SPEAKING

Corp. B. A. Gher, of the state police at Franklin, formerly of Warren, was the speaker at the weekly meeting of the Rotary Club at Oil City today.

STREET LISTS READY

Announcement was made at the office of the registrar at the court house that street lists of eligible voters will be ready Monday, August 22. Because of paper shortages this year lists will be furnished only those candidates who make application, and these must be filed by Thursday of this week.

FIRE AT RUSSELL

Members of the Russell fire department were called this morning to put out a fire in the chimney at the home of Fred Thompson, where, it is stated, there were no stoves lighted and no explanation for the blaze is forthcoming. Visiting in the home from Philadelphia, Mrs. Cecilia Ott was awakened about six o'clock to smell smoke in the house, but no fire could be found. Again about 7:30 a search was made, the blaze discovered and the department summoned.

CRASH AT INTERSECTION

The intersection of Pennsylvania avenue and Schanz street was the scene of a collision Saturday afternoon about four o'clock in which two cars were damaged. Ernest C. Brewster, 10 Lincoln avenue, reported to the police that he was emerging from Schanz street to turn east when an illegally parked truck obscured the view of a westbound car driven by A. J. Wilkoff, of Youngstown, Ohio. The cars came together with the result that both were damaged to some extent.

ORDER ON SHOE STAMPS

Loose shoe stamps detached from ration books may be used only to make bona fide mail order purchases, the Office of Price Administration in Washington stressed today. An Associated Press dispatch to the Times-Mirror says: An amended regulation prohibits the practice of selecting shoes at a store and then mailing a loose stamp for delivery. Some customers and dealers, OPA said, have assumed this was a proper mail order transaction. If a shoe stamp is accidentally detached from the ration book, a person may obtain a special shoe stamp from his local ration board by certifying to the facts.

SOCIAL EVENTS

WILL REPORT TO LEGION AUXILIARY

Mrs. Elmer Munksgard and Mrs. Melvin Johnson, returned from the state American Legion Auxiliary convention in Wilkes-Barre, will make their report to the local unit at the postponed meeting on Tuesday evening.

A tureen dinner at 6:30 will take the form of a picnic, to be followed by an eight o'clock business session. Members are asked to bring "white elephants" for the games to follow.

Aircraft officials maintain that anyone intellectually and temperamentally fitted to drive an automobile safely can learn to pilot a light plane.

Seven Grange Members Will Be Honored

Seven members of Warren Grange, No. 1025, will be signally honored at the regular meeting of the organization to be held at eight o'clock Wednesday evening in the IOOF lodge rooms on Hickory street.

At that time the following will be presented their 50-year membership certificates: Dr. C. J. Prantz, Mr. and Mrs. Mathias Fehlman, Mr. and Mrs. G. W. POLICE NEWS

An inspection of the docket at the police department this morning discloses that members of the force had a busy weekend, despite the fact that to the average citizen it appeared to have been comparatively quiet in the borough Saturday and Sunday.

There were two complaints of barking dogs disturbing neighbors, both of which were settled to the satisfaction of the complainants. A bike was recovered and the young offender lectured in the hopes that he will not repeat the act. Two inebriates were picked up and their cases disposed of in Sunday morning court. An old-timer before the police court justice, who preferred to leave town rather than serve durance in the county jail was escorted to the Cleveland bus and given a farewell by one of the blue coats.

Workers in gardens on the south side complained that some persons were doing some promiscuous shooting, which appeared to endanger life and limb of those cultivating for victory. No trace of the marksmen could be found. A juke box, playing too loudly, in an east side establishment was silenced, and a New York state car parked illegally near the PRR depot was towed to headquarters.

Early Sunday morning a request was received to escort a family who live in a camp on the Warren-Tidioute road to the hospital. It appears that a small child was taken ill and was being rushed to the Warren General on the advice of a physician.

If any person finds a bill fold containing in addition to a sum of money, operators' license, ration books, etc., the police would be glad to help return it to the owner who reported the loss early Sunday morning.

A mongrel, whose owner evidently decided that in these days of rationing dogs are considered among non-essentials, was given a pill.

Members of the department also investigated reports of a number of trees blown down and other damage resulting from Friday's storms.

Minor disturbances in and about taprooms were investigated. In addition to the usual routine such as escorting money to the banks, directing traffic, trying doors, etc.

Chautauqua Plans Day For Grangers

It will interest many Grangers in Warren and vicinity to know that the annual "Grange Day" at Chautauqua Institution will be observed on Saturday of this week, August 21.

Those in charge of arrangements announce with considerable pleasure that the principal speaker will be the National Grange master, Albert S. Goss, of Washington, D. C. He will be heard at 2:30 p. m. in the amphitheatre on the topic "Who's Who in America."

All Grangers and friends are invited to meet at the Grange Home on Simpson street, where a basket picnic will be enjoyed at 12:30 o'clock, the committee providing coffee for all.

Lawn Worship In Charge Of Grace Church

Another large audience assembled Sunday evening on Beatty school lawn for the community worship period, this week's service being in charge of Rev. Harold Knappenger of Grace Methodist church.

Theme of the evening's address was "Put Off Thy Shoes From Off Thy Feet For the Ground on Which Thou Standest is Holy Ground". Grace choir led the congregational singing under the direction of Byron Swanson, with piano accompaniments played by Mrs. Dwight Sizzle.

Rev. Wayne Furman, minister of the First Methodist church, gave the opening prayer. Dr. J. H. Clemens, retired Methodist minister, read the Scripture passages and Dr. H. A. Rinard, First Lutheran pastor, closed the service with the benediction.

Next Sunday evening's arrangements will be in charge of the First Evangelical church, with the address by its pastor, Rev. J. C. Wygant, who is also president of the Warren County Ministerial Association, and with his choir in charge of music.

MEN AND WOMEN IN SERVICE

Lt. Edward D. Fiedler, with the air forces at Austin, Texas, is home on ten-day furlough with his parents, Mr. and Mrs. L. L. Fiedler, and his brother, Larry, of 312 East Fifth avenue.

John L. Kiernan, 22, son of J. G. Kiernan, 1301 Pennsylvania avenue, east, has been appointed a naval aviation cadet and has been transferred to Pensacola for intermediate flight training. Prior to entering naval service, Cadet Kiernan received his bachelor of science degree from Penn State College, where he was a member of varsity football and swimming teams. Upon completion of the intensive course at the "Annapolis of the Air", Cadet Kiernan will receive his navy wings of gold and the designation of naval aviator, with the commission of ensign in the Naval Reserve or second lieutenant in the Marine Corps Reserve.

Pfc. Gail E. Geer, son of Mr. and Mrs. L. E. Geer, 211 Terrace street, has been graduated from the aircraft mechanics school at Seymour Johnson Field in North Carolina. Pfc. Geer, graduate of the local high school, was employed by the Thomas Flexible Coupling Company until he entered the army on October 20, 1942.

Aviation Student Paul W. Fitzgerald, son of Mr. and Mrs. W. H. Fitzgerald, of Youngville, is a new arrival at the college training detachment at Gettysburg prior to appointment as an aviation cadet in the Army Air Corps.

Mr. and Mrs. Leo Schuler have had word that their son, Robert E. Erickson, has been promoted to petty officer's rank, radioman first class.

PLAN AID FOR NEEDY FAMILIES OF SOLDIERS

Harrisburg, Aug. 16—(P)—The Pennsylvania Public Assistance Department and the American Red Cross have joined forces to aid needy families of servicemen. "Many families, some of whom had hitherto never known need," explained assistance Secretary Samuel Y. Ramage in a statement yesterday, "have found it necessary to seek aid because the induction of their breadwinner into military or naval service left them without immediate means of support."

Ramage said the department in agreement with the Red Cross is helping such dependents until the arrival of the first federal dependency allowance check, while the Red Cross may supplement the grant and give other necessary services.

Tionesta Navy Take a Cruise

Oil City Derrick: Braving heat and storm, eight young sailors under the command of "Admiral" Frank Watson of Tionesta, superintendent of Forest county schools, took part in the fourth annual cruise Friday from Tionesta to Oil City via the Allegheny river.

The trip in former years was made in a single rowboat, but the

swelling ranks of the upriver navy this year forced the "admiral" to draft as second boat into service for the cruise.

The voyagers shoved off at 9:30 a. m. and made excellent progress until early afternoon when a storm forced them to seek shelter in a deserted building above Eagle Rock. They came through that experience in fine shape, but about 4 p. m. the party was caught on the upper Rockmere eddy when a severe electrical and rain storm swept the district, and for an hour and a half was marooned under the large overhanging rock in the eddy.

Report Shows Big Increase In Air Mail

In a statement issued on the third anniversary of operations as a certified air carrier, Hasley R. Bazley, president of All-American Aviation, Inc., operators of the air mail pickup system which services Warren, stated that air mail traffic has increased 73 per cent and air express 75 per cent over that of July of 1942.

All America's five air pick-up lines serve 116 cities and towns in the six states of Delaware, Kentucky, New York, Ohio, Pennsylvania and West Virginia. One of these lines furnishes local, direct air service daily. Before beginning operations under its CAB certificate on August 12, 1940, the Company operated for a year on an experimental basis under the Post Office Department.

Since the inauguration of permanent service, All American has flown 2,457,729 scheduled miles, carried 524,222 pounds of air mail, 216,413 pounds of air express and completed 92 per cent of its scheduled operations. This has been accomplished without injury to personnel or serious damage to cargo or equipment.

10% OF INCOME IS OUR QUOTA IN WAR BONDS

THE LONG NIGHT

By Eleanor Atterbury

YESTERDAY: Lieut. Bette Stuart, Army nurse, disobeys orders and goes on deck of the transport she is on during an attack by a Jap submarine. She is reprimanded by her command Scott MacQuaid, Air Force captain.

Chapter 2

BETTE was grateful for the Stygian darkness as she slipped back into the crowded stateroom. "That you Bette?" Her sister's lovely voice sharpened now, came out of the pitch darkness of the room.

"Yes. Anything the matter?"

"Where have you been?"

"Oh—up on deck." Bette confessed, kept her tone careless.

"Why, Bette! Sue Stuart's amazement broke into a little chuckle. "You of all people to be breaking rules! Did you get caught?"

"Yes, I did." Stumbling, she found her way to her own bunk. "Dr. Farrell?"

"No, Captain Scott MacQuaid—who probably won't hesitate to report me to the proper authorities!" she said and tried to muster a little laugh lest Sue suspect her true feelings.

"Scott MacQuaid!" Sue gasped. "Oh, darling, that was rotten luck. What did he say?"

"Nothing—much."

"I'd have given anything to be in your place," Sue said then. "You will, then?" Bette answered. "But don't let him know you're any relation to me. He'll be prejudiced."

"No danger!" Sue laughed her lovely silvery laugh.

AND that was only too true. Sue, five years younger and three inches taller than her sister, didn't look anything at all like her. Slim, sable-haired, cool grey eyes in whose depths more than one man had already lost his heart, Sue had always been the beauty of the family.

Bette had red hair, freckles and a temper exactly to match. Plenty of boys had teased her just to see the green eyes unseal lightning, but none had lost his heart.

"Incidentally, was there anything to all that noise up on deck?" One of the other girls interrupted laconically from another corner of darkness. "Or were they just practicing with sea-gulls as targets?"

"Not sea gulls, sweet. A real sub surprised on the surface."

"Really?" A chorus of excited whispers. "Did we get it?"

"Probably."

"Oh, you lucky girl. Did you see go down?"

"Yes, I did. I crashed-dived but not soon enough."

"Oh, Bette I'd have given anything to be in your place," Sue said again.

"And I," Bette replied drily. "would give anything if you had." She dreaded her hours on duty the next morning. But Dr. Farrell

YESTERDAY: Bette Stuart's group of Army nurses land at an American base somewhere in the Aleutians and no sooner get ashore when enemy planes appear.

Chapter 3

BETTE was still checking charts carefully when Sue came on duty.

"Hi, sis," Sue yawned graceful as a kitten. "Anything doing?"

"These records are in a mess, Sue." She frowned at her sister. "Did you make your entries yesterday?"

"Yes, angel. Most of them."

"Most of them! What do you mean? You don't do the job halfway!"

"Oh, don't make noises like Dr. Farrell," Sue said carelessly. "Mercy, he nearly bit my head off yesterday because I made a trivial little error in filing some charts."

Bette shook her head. "No error is trivial in this work, Sue. Why a life might depend on it. You can't afford to be careless. You know that."

"Oh, don't be an old owl! The younger girl reached for her hand, squeezed it. "Sometimes you're so darned serious about your old profession. After all, honey, it's only a job."

But Bette couldn't laugh it off. "It's more than that, Sue. You don't appreciate."

"Oh, yes I do, darling. Run along now. I'll finish these. Better try to get some sleep. You look hollow-eyed."

Back in her bunk, Bette did try to turn off her busy mind, get some sleep. Heaven knows they would need all the energy they could store up once they were ashore.

BUT Sue's remarks had roused an old worry. It was only because of Bette that Sue had gone into nursing in the first place. Now that they were absolutely alone in the world, Bette'd wanted to be sure they were together. And Sue really could make a marvelous nurse. She had a way with people. Her patients adored her, responded to her instantly. And of course, Sue was awfully young yet to settle down to serious things. What if she did seem lazy at times. She'd grow up eventually. If—and again

When the storm had passed, the cruise was resumed and the party pulled into Oil City about 6:40 p. m. Jerry Lynch, 14, of McKeesport, fell overboard during the trip but was in high spirits on arriving here and along with other members of the party took in a motion picture show before returning to Tionesta.

Information For Placing Lime Orders

Warren E. Fehlman, chairman of the Warren Community Committee of the Agricultural Conservation Association, announces that Conewango township farmers and others in his community will be given an opportunity to order lime for use this fall, at his home on Follett Run on Thursday evening, August 19th. The committee will discontinue taking orders at Irwindale School.

Any Glade Township farmer wishing to order lime should see D. L. McGuire, Warren R. D. No. 1.

Farmers in Mead and Pleasant townships may place their orders at a meeting to be held at Owen's Roadside Market on Wednesday evening, August 18th.

Orders will also be taken at the county office, 225 Penn'a Ave., W., Warren, during August.

POPULAR FEATURE

"Of course, you read it—this paper's service column," remarks an exchange referring to the news carried daily about men and women from the community in the armed forces of Uncle Sam. The experience of that paper holds true with The Times-Mirror and every other daily and weekly in the country.

It is one of the most popular features and ever so timely. It's real news, for it records, as censorship permits, the goings and comings, the promotions and incidents, in the lives of hundreds of young men and women in the country's service.

Empty is the day when it doesn't fill us with constant admiration, as we ponder some of the names. We recall it was just yesterday when John and Joe brought the milk and Bill delivered the paper; and that chap with a pleasant smile was the one who helped at the greengoods counter.

Where are they now? One's in Algeria, another is in the Far Pacific, one of the lads is up there in Alaska, awaiting assignment for "points west."

The chap who delivered the paper dropped a few bombs on a German city the other day, and did it as cleverly as he used to hurl that paper to the front door mat.

They're carrying the torch for us—for you and me. God bless them, every one!

THOSE CANNED BEANS

When household experts began to advise amateur canners not to try to can non-acid vegetables, but to enjoy them while fresh, and to throw their canning energies into fruits and tomatoes, quite a few people protested that they had always canned all kinds of vegetables safely. As no doubt many had. One very clear and interesting letter came from Dr. Eunice Walde, chairman of the Floyd County, Iowa, Nutrition Committee, printed in the Charles City Daily Press:

"Hundreds of thousands of people throughout the land are a happy, healthy testimonial to the fact that today's home canned vegetables are wholesome and nutritious. Home makers may follow the simple rules of home canning recommended by our own state experiment station and the Bureau of Home Economics, U. S. Dept. of Agriculture.

"Grandmother depended upon high concentrations of sugar, salt or vinegar to keep her canned foods. Today, we depend upon heat to kill the organisms causing spoilage, upon hermetic sealing of keep the food sterile in both home canning and commercial processes. Acid fruits and vegetables require little heat, bland vegetables require more. In general an hour's processing in a pressure cooker, or three hours' cooking in a water bath, is necessary to guard the bland vegetables, such as beans, peas and asparagus, against fermentation, flat sour and petrefaction, and the dreaded botulinus organism is destroyed by ten minutes' cooking after the can is opened."

Some experts want the food cooked full 20 minutes after opening but except for that one point, all authorities agree exactly with Mr. Walde.

There was some consolation for eastern motorists in the announcement over the weekend that OPA had reduced the value of "A," "B," and "C" gasoline ration coupons from four to three gallons in 21 midwest, gulf and southwest states effective today. However, there was disappointment in the fact that in the eastern shortage area, the ration was left unchanged, with a promise that the pleasure driving ban may be lifted at least by September first.

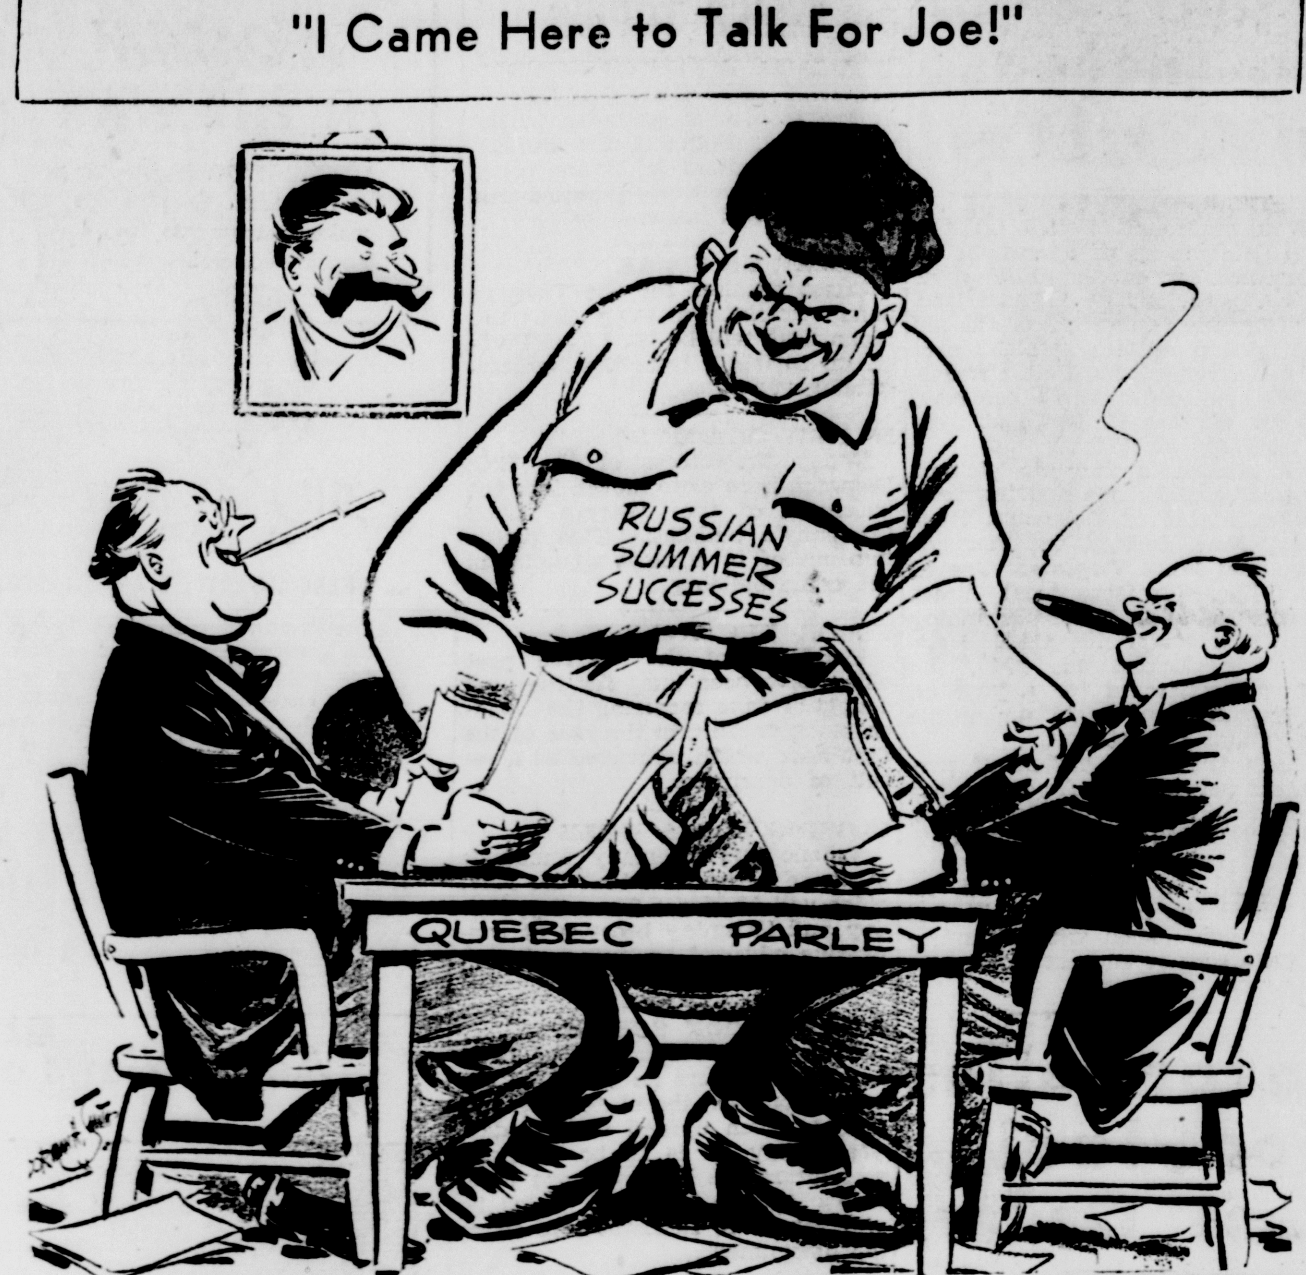

Several reports of pillaging of Victory Gardens in the borough have been received. There is no one quite as low as the person who will steal from a Victory Garden, and the Times-Mirror will do whatever it can to make it hot for the guilty.

It will interest Warren county motorists to learn that the War Production Board promises there will be plenty of alcohol for anti-freeze purposes this winter, although the permanent type of solution is not available.

Sunday was "berry-picking" day for hundreds of families in the county, but in some areas, it is reported, it was found the hard rains of Friday had just about ruined the blackberry crop.

Bumper crops of some vegetables will keep owners of many Victory Gardens in the borough busy canning for the next few weeks.

Most every reader knows a lot more about Sicily than he did two months ago.

Washington In Wartime

By JACK STINNETT

WASHINGTON—Just why the case of John Bovington, \$5,600 a year economic analyst with the Office of Economic Warfare, who once practiced and gave graphically illustrated lectures on "physical culture therapy," caused such a nation-wide furor is quite a mystery to Rep. Robert Ramspeck's (D-Ga.) Civil Service committee.

After all, Mr. Bovington does have degrees from Yale and Columbia universities and in pedagogic circles is entitled to be dressed as "Doctor."

The Ramspeck committee has in its files a score of "more sensational" cases than that and may start releasing them publicly any day now.

Last March when the committee uncovered what they considered one of the most flagrant cases of unjustified elevation of a federal worker to high places, it got no more than three paragraphs anywhere. Yet that was the case of a \$1,000-a-year messenger who in less than two years was promoted to a \$4,600-a-year job as "business analyst."

THE cases coming up as a result of the House Civil Service committee's recent investigations are almost certain to go into the file which will be used as the basis for Congressional action in blocking the free hand that many departments and agencies now have in rapid promotions or upper-bracket appointments.

For example, investigations have been completed in the cases of a former soda jerker who stepped from that job into one of personnel director; and of a bell hop and an elevator operator who now are job placement officers.

In none of these three cases, I'm told, has it been discovered that the men investigated have acquired degrees from Yale, Columbia or any other university.

The question is not one of previous occupation, but of fitness by education or experience for the jobs they now hold. In each of these instances and several more, the Ramspeck committee will be prepared to charge that the education or experience is nil.

IT IS the opinion of this and a good many other observers here that most of these "sensational exposures" are storms in the proverbial teacup—but very necessary storms, if the government service is to be kept clear of incompetents and crack-pots.

There is no doubt but that many of them result in injustices to the individuals under fire. Probably as many capable as incompetent men have been chased out of the service and there have been publicized instances of persons with real executive ability who have refused to take on government jobs because of the constant pressure of "investigators."

Unbiased observers, however, are positive that the real job will be done when the investigating agencies quit centering their fire on isolated cases of fan dancers, movie stars, physical culture exponents, and persons who once spoke at Communist rallies, and settle down to a wholesale weeding out of the less spectacular but far more numerous persons who are not fitted by training, experience, or temperament for the jobs they now hold.

Hollywood Gossip

By ROBBIN COONS

HOLLYWOOD—I've seen a world of gadgets in my wanderings around this make-believe town. Rocket ships for fantasies, fake scientific laboratories where movie directors shoot sparks into dead monsters so they can get another horrible sequel to a horror film, under-water tunnels, life-sized, and all sorts of wheels within wheels that writers dream up to make life tough on technicians. But the darnedest gadget I ever did see.

It's on Stage 26 at M-G-M, and it's the wonder and admiration of all concerned. A glamour gal named Hedy Lamarr works there, and a fellow named Bill Powell, who looks fit and fine again, but what everybody wants to show a visitor is "our gadget."

The story of this gadget is really the story of M-G-M's first serious tangle with astronomy, no less serious because it's for a comedy called "Heavenly Body." Jacques Thierry, the French writer, wrote the yarn, and Michael Arlen, the novelist, took it on for the screen, and in due course the sets had to be built. Thierry didn't have to build them, nor Arlen, nor Vincent Minnelli, the director. Neither did Lamarr, nor Powell. That was up to Bill Ferrari, the art director.

NOW writers can pencil in a set-description in few words. They can ask for an observatory and telescope something like that at Palomar, the world's largest and unique in design, for in-

OUT-STEELS STEELS

By adding three parts of the little-used element columbium to 97 parts of iron, metallurgists have developed an alloy tougher than steel. It has withstood tests at 1100 degrees Fahrenheit, a temperature at which ordinary steel would break.

Taylorstown Girl Becomes the Bride Of A. W. Kirby

It will interest many here to learn that Helen Martha Post, daughter of Mr. and Mrs. John L. Post, of Taylorstown, was united in marriage July 17 in the post chapel at Minter Field, Bakersfield, Calif., to Aviation Cadet Arthur W. Kirby, formerly of Warren and son of Arthur Kirby, of Erie. The ceremony was performed by Chaplain Snow at 7:30 p. m. before cadet friends of the bridegroom.

The bride was attired in white silk jersey with blue accessories and carried a fine lace handkerchief of her paternal grandmother for the traditional "something old."

Cadet and Mrs. Kirby are at home to their friends at Luke Army Air Base in Phoenix, Ariz.

Mrs. Kirby is a graduate of Clayville High School and of Washington Seminary, Class of 1942. For the past year she has been secretary of the American Red Cross in Washington county.

Cadet Kirby is a graduate of Warren High School and of Washington and Jefferson College, Class of 1942, majoring in journalism. He enlisted as an aviation cadet in May and was called for training last November. He is now taking advanced training at Phoenix.

SHOWER PARTY

Youngsville, Aug. 16—Mrs. Earl Walter and Miss Winnie Goodwill are hostesses at the home of the former for a shower party honoring Miss Violet Harvey, of Warren, who became the bride of Walter Ahlquist, also of Warren, on Saturday.

Presiding at a table attractively centered with a bride's cake were Mrs. Marjorie Sandberg and Mrs. Gordon Clark. Winners of games prizes were Hazel Nelson, Joetta Tuttle, Viola Sullivan and Mrs. Walter Campbell, of Titusville, the mother of Miss Harvey.

Lovely gifts were showered upon the bride-to-be by guests from Titusville, Warren and Youngsville. Among those from Warren were Mrs. George Walter, Sr., grandmother of the bridegroom, with whom they will make their home for the present. Mr. Ahlquist expects to be inducted into the armed forces in the near future.

CLARK-TITUS RITES IN MISSISSIPPI

Mrs. Fred J. Titus of Barnes announces the marriage of her daughter, Bette Louise, to Technical Sergeant Durward A. Clark, July 25th 1943 at Biloxi, Miss.

Miss Clark is a graduate of Sheffield High School and the Grady School of Laboratory and X-ray Technique at St. Louis and was recently employed at Goldsboro Hospital, Goldsboro, N. C., and at the Warren General Hospital. She served her internship at City Hospital, Winston-Salem, N. C.

T-Sergeant Clark is the son of Mr. and Mrs. S. A. Clark of Russellville, Ark. He is in his fourth year of service and is now training as a cadet being stationed temporarily at Keesler Field.

The many friends of Mrs. Clark extend their best wishes to the couple for a very happy married life.

FOR MISS HAMILTON

Mrs. Charles Hamilton, Mrs. L. E. Hamilton and Mrs. Raymond Ledebur entertained at the Leebur home a complimentary Miss Edna Hamilton, whose marriage to B. B. Bond will take place at North Warren Presbyterian church at three o'clock Saturday afternoon.

Guests were Mrs. Stuart Phillips, Mrs. Everett Stoke, Mrs. Edward Anne, Mrs. Fred Wood, Mrs. Alice Gustafson, Mrs. Norman Lundahl, Mrs. Alice Nicholson, Miss Gertrude and Miss Margaret Snarburg.

Mrs. M. L. Hamilton was hostess for another party which honored her daughter, Miss Edna, when guests included Mrs. Fred Healy, Mrs. Ray Fults, Rick Myers, Mrs. Edward Hamilton, Mrs. Clyde Mills and Mrs. Willis Burke.

More Juvenile Delinquency Is Reported

More juvenile delinquency in the county was revealed Saturday when it was announced that Deputy Sheriff L. E. Linder assisted by a member of the local barracks of the State Police had apprehended three boys, ranging in ages between 13 and 15 years of age, who admitted stealing approximately from the home of a resident of Meade township.

According to Deputy Linder, Frank Walker on July 21, reported that he had discovered that the money had been taken from a trunk in his home. Suspicion was directed to the boys when they were picked up Friday and they admitted taking the money in small quantities and spending it almost as rapidly as it was stolen. Because of their ages their names were withheld.

The case will be disposed of by Judge Allison D. Wade in juvenile court.

Forge Wins Over Williamsville and Chautauqua

Welcome Water Hazard

Instead of shunning a water hazard on Evanston, Ill., course, Catherine Fox, left, of Glen Ridge, N. J., and Marjorie Row, of Detroit, welcome it and cool off toes. Miss Fox eliminated Miss Row from women's western amateur golf championship, 1 up.

Gagliardi Has Field Day At Bat and On Mound Against Fast New York State Outfit

SATURDAY GAME
National Forge hitters were on a rampage against Chautauqua at that place Saturday, gathering in 18 hits to score 12 runs against five for the opposition. The victory keeps the Forge record clean against the Lake outfit which has never defeated the locals.

Forge showed that they meant business from the start, when Cleola opened the game with a single, was sacrificed to second by Swanson and scored on Morrison's single. Rosequist, Gagliardi and Pollock followed suit and the result was four runs in the opener. They picked up three more in the fourth mainly due to a walk to Creola, an error on Swanson's grounder walk to Gagliardi and singles by Giegerich and S. Massa. Four more were showed across in the sixth on Giegerich's single, walk to S. Massa, and hits by J. Massa, Morrison and Rosequist. The final run was scored in the seventh when Giegerich and S. Massa singled after Pollock had been given a walk.

Chautauqua scored three runs in the fourth and two in the seventh.

Schaeffer, who pitched for Olean in the Pony league last year, was recruited for the game by Chautauqua, along with other players from Jamestown, but they were given a hitting exhibition by Forge clouters that they could not overcome. Rosequist had four hits, Giegerich three, Morrison, Gagliardi and S. Massa two each.

The sensational play of the afternoon was a one-handed catch by Akeley, who replaced Creola in left field after the latter had hard time locating the ball in the outfield. The bases were loaded at the time and a hit would have scored at least three runs. Pollock pitched good ball and would have had a shutout but for some loose playing behind him. He was relieved in the seventh by Hines who was later replaced by Gagliardi who finished in good form.

Those who completed their matches in the first round were Flick and Scialise with Flick going over into the losers bracket to the tune of 6-1, 7-5. Eaton and Neilly match brought Neilly out the winner 6-3, 6-4. Goodwin and Weiss started but were rained out. In the second round Irvine won from Rowland 6-3, 6-0.

The remaining first round matches to be played are between Dalrymple and Chimenti, Goodwin and Weiss, and Jones and Hedberg. These players are urged to complete their matches at the first opportunity.

The second round matches are now in progress and should be over by Tuesday August 17th, weather permitting.

Matches on the losers side of the bracket are being held up due to the unfinished matches on the winners side.

All players are requested to get their matches over so that the tournament can be brought up to the place where it should be at this time.

Montgomery And Zivic To Meet Aug. 23

BY H. WALTON CLOKE
Philadelphia, Aug. 16.—(P)—Youthful Lightweight Champion, Bob Montgomery, and veteran Fritz Zivic, the last of a fighting family, today entered their final week of training before their scheduled 10-round nontitle boxing bout at Shibe Park August 23.

Zivic arrived today to complete his training here after scoring a knockout over Young Kid McCoy in Pittsburgh last week. Confident and not even slightly perturbed over Montgomery reigning as the 2-1 favorite Zivic said "I like the other guy to be favored over me—I make more money that way." Armstrong was 8-1 over me and he was no trouble."

TITLE FIGHT IN SOUTH
By MAX PATRICK
New Orleans, Aug. 16.—(P)—Featherweight Champion Jackie Callura defends his N. B. A. title against Young Phil Terranova of the Bronx, N. Y., in a 15-round decision bout tonight. Approximately 12,000 fans are expected to pay more than \$30,000 to see the little buzz-saw slug out the answer in what will be New Orleans' first championship fight in 26 years.

Summary: Two-base hits—Morrison, Gagliardi, Home run—Gagliardi, Struck out—By Gagliardi 8, by Marlinski 4. Umpires—Pearce and Cosmano.

Philadelphia Girl Is Amateur Champ

BY DAVE HOFF
Evanston, Ill., Aug. 16.—(P)—Dorothy Germain's newly-own title of amateur champion of the Women's Western Open Golf Association may turn out to have a "for the duration" label, because if the abler women golfing stars continue going into the service not enough will be around to make up a full fledged tournament field next summer.

Already 14 names are on the

W. W. G. A. honor roll, including SPAR Betty Hicks and Marine Patty Berg, who signed up at the Women's Western Open, and Sally Sessions, a second-round victim of Miss Germain in last week's tournament, who has just joined the waves.

Miss Germain, a resident of Philadelphia, in normal years would not have had a chance to participate in the W. W. G. A. Amateur (closed) tournament, but membership was arranged for her at nearby St. Charles (Ill.) Country Club, a member of the Women's Western Golf Association. Her victory in Saturday's 36-hole final

also over Mary Agnes Wall of Menominee, Mich., was by 5 and 4.

Cincinnati Defeats Giants Twice To Take Undisputed Possession of Second Place

BY TED MEIER
Associated Press Sports Writer
The ending of Rip Sewell's two-game losing streak and the booming home run bat of Rudy York grabbed the headlines in the major leagues yesterday.

After losing two in a row to the Cardinals and the Phillies, Sewell finally won his 15th game for Pittsburgh by beating the Braves, 11 to 1, and give the Pirates a split of a twin bill. The slow ball artist yielded only four hits and, in addition, barked out two hits and stole two bases.

The Braves, who early in the season inflicted one of the four defeats charged against Sewell, knocked the Pirates out of a second place tie with Cincinnati by taking the opener, 5 to 1, for Jim Tobin's 10th victory.

First Contest In Softball Series Tonight

The championship series will start tonight at Beatty Field in the local Y. M. C. A.-Church Softball League.

St. Joseph who finished on top in the first round will stack up against First Methodist who obtained the opportunity to play in the series by their defeat of the Episcopal Ten last week.

As it looks now the series will be a three game affair being played on Monday, Tuesday and Thursday unless some change is made in the meantime.

St. Joe goes into the playoffs with a slight advantage according to comparative scores and number of games won. Out of nine games played the Catholic boys have won 7 and lost 2 against First Methodists 5 wins and 4 losses. St. Joseph have won most of their games by fairly large scores while the Methodist ten have, in some cases, barely won out.

Casting aside comparative scores etc., when the two teams meet on the field on Monday the armchair theorists will have to admit that "there is many a slip twixt the cup and the lip" and that many a team that has gone into a game as the underdog, has emerged the victor.

The first game is scheduled for 8:00 tonight at Beatty Field, weather permitting

Yanks Close In on Axis Rear Guard in Vicinity of Milazzo

(From Page One)
hands includes 283 75-millimeter guns as well as some larger artillery pieces and 188 tanks. The number of prisoners was not announced, mainly because they are being rounded up too fast for counting. More than 130,000 were held last week.

The Germans crossing to the mainland generally use power launches and the gun-bearing Seibel ferries, which make the two-mile trip in 15 or 20 minutes. By necessity most of the evacuation traffic is carried on by night.

British and Canadian Wellington Bombers were hammering this nocturnal traffic.

Road Surfaces Washed Away by Heavy Rain

(From Page One)
Melker Swanson farm, the waters ploughed their way down to an intersection state route, ruining road surfaces and washing away the topsoil.

About three o'clock, a bolt of lightning struck the Daniel Hough farm, on the Warren-James-town road just outside of Russell and only a webbing belt and stored lumber on ceiling rafters saved the family car. Mrs. Hough saw smoke issuing from the structure and Russell firemen succeeded in getting control of the blaze before it had done any great damage.

Across the Conewango Creek, Clarence Akeley has fears for a potato crop which was completely inundated. However the tubers were not washed from the ground and it is believed possible that they may be saved.

Although a number of trouble calls were received by local police and street officials, no great damage has been reported. Indian Run on Conewango avenue, where construction of a storm sewer has been approved and started by the borough, again rampaged over the street and surrounding property.

Residents of Hazel street had a thrilling experience, about four o'clock in the afternoon, when lightning struck a large tree on the east side of the thoroughfare, ripping off a large limb and throwing it across lines of the Pennsylvania Electric Company. A number of those at home in the vicinity at the time of the incident felt the shock from the bolt, which appeared to zigzag from the east and strike the tree. Much disappointment was felt, however, when company employees removed the limb and repaired the damage during the night, thus depriving many of the fun of "sidewalk superintending" the project.

"Open City" Declaration Believed Ruse

that they could expect immunity. The London Daily Mail heard an Italian broadcast which reported that the prefect of Rome had issued orders to halt an influx of civilians seeking residence in the city under the impression that it is a safe haven from Allied bombs.

British suspicions that Badoglio's declaration was nothing but a ruse was founded upon the fact that if the Italians fulfilled the requirements necessary to make Rome truly an open city any defense of southern and central Italy would be virtually impossible.

All railroad lines on the west side of Italy run through Rome and without them the forces to the south could not be supplied nor could Axis forces now retreating from Sicily be moved north of the capital.

least two were destroyed. The German air force, meanwhile, lashed a south coast town, which was later identified by a Berlin broadcast as Portsmouth, with the heaviest assault in two years last night and lost five of some 25 raiders sent over in this and other scattered raids on coastal towns.

The new RAF blow sustained a steady British-American air offensive that included raids Saturday night on Milan and Berlin, on the Axis airfield at St. Omer, France, in daylight yesterday, and six enemy airbases in France and Holland at dusk.

the Chicago White Sox, 7 to 2, for Ernie Bonham's 11th victory. But the Sox got a split by taking the nightcap, 4 to 3, on successive homers by Joe Kukek and Vince Castino in the seventh inning.

With Stan Musial and Ray Sanders each smacking two homers the St. Louis Cardinals walloped Brooklyn, 11 to 3, for the eighth straight time in the first game of their bargain bill, but the Dodgers broke the spell by winning the second game, 4 to 3, in 10 innings.

Cleveland ran its winning streak to eight by beating Washington, 6 to 2, behind Vern Kennedy's sixth hit twirling, but the Senators abruptly ended the streak by winning the second game, 4 to 0, as Milt Haefner came up with a sixth hitout.

The Chicago Cubs dropped the Phillies to seventh place by winning a doubleheader, 5 to 2 and 3 to 0.

The Boston Red Sox swept their twin bill from the St. Louis Browns, 3 to 2 and 4 to 0.

Limited Number of Recruits To Be Accepted in Local Unit Of Pennsylvania State Guard

It has been announced by Col. Robert G. Woodside, Pittsburgh, commander of the Third Regiment of the Pa. State Guard, that Company B took first place in the regimental review held at the close of the recent encampment at Indian-town Gap. Company B, with headquarters in Warren, is commanded by Capt. Arthur F. Dickinson. Platoons of this company are located in Warren, Kane and Bradford. The Kane group is under Lt. Walter Stark and the Bradford unit under Lt. Robert E. Dunn.

The officers and men of this Guard Company are to be congratulated on this excellent showing made at the Military Reservation. The regiment which it led had about 1400 enlisted men, in addition to officers, in attendance at the camp. The 109 men of Company B arrived home at their armories early August 7th.

Capt. Dickinson states that a limited number of enlistments will be taken within the next couple of weeks. All men interested in the work of the state guard can receive information by calling at the Armory on Tuesday evenings from 7 to 9 o'clock and talking with Capt. Dickinson, Lt. Ustach, or Lt. Confer. Numerous young men under 18 have enlisted for the purpose of obtaining helpful training prior to their entry into the regular army. Those who went to Indian-town Gap feel that the instruction in drill, use of the rifle, sub-machine gun and other weapons, chemical warfare and the art of Judo has given them a considerable "edge" on others about to enter Federal service.

Enlistments are also open for family men or others who do not expect to join armed forces in the near future. The unit holds regular drills only once each week; full uniforms and equipment are furnished without cost to enlisted men.

Reporter Has An Interesting Experience at Indian-town Gap

(Editor's Note: This is the third and last of a series of articles describing the summer encampment of the Pennsylvania State Guard.)

BY RALPH E. WALLIS

Indian-town Gap, Aug. 15—(AP)—Units of the Pennsylvania State Guard are packing into one week the high spots of training pointed to one objective—protection of the home front.

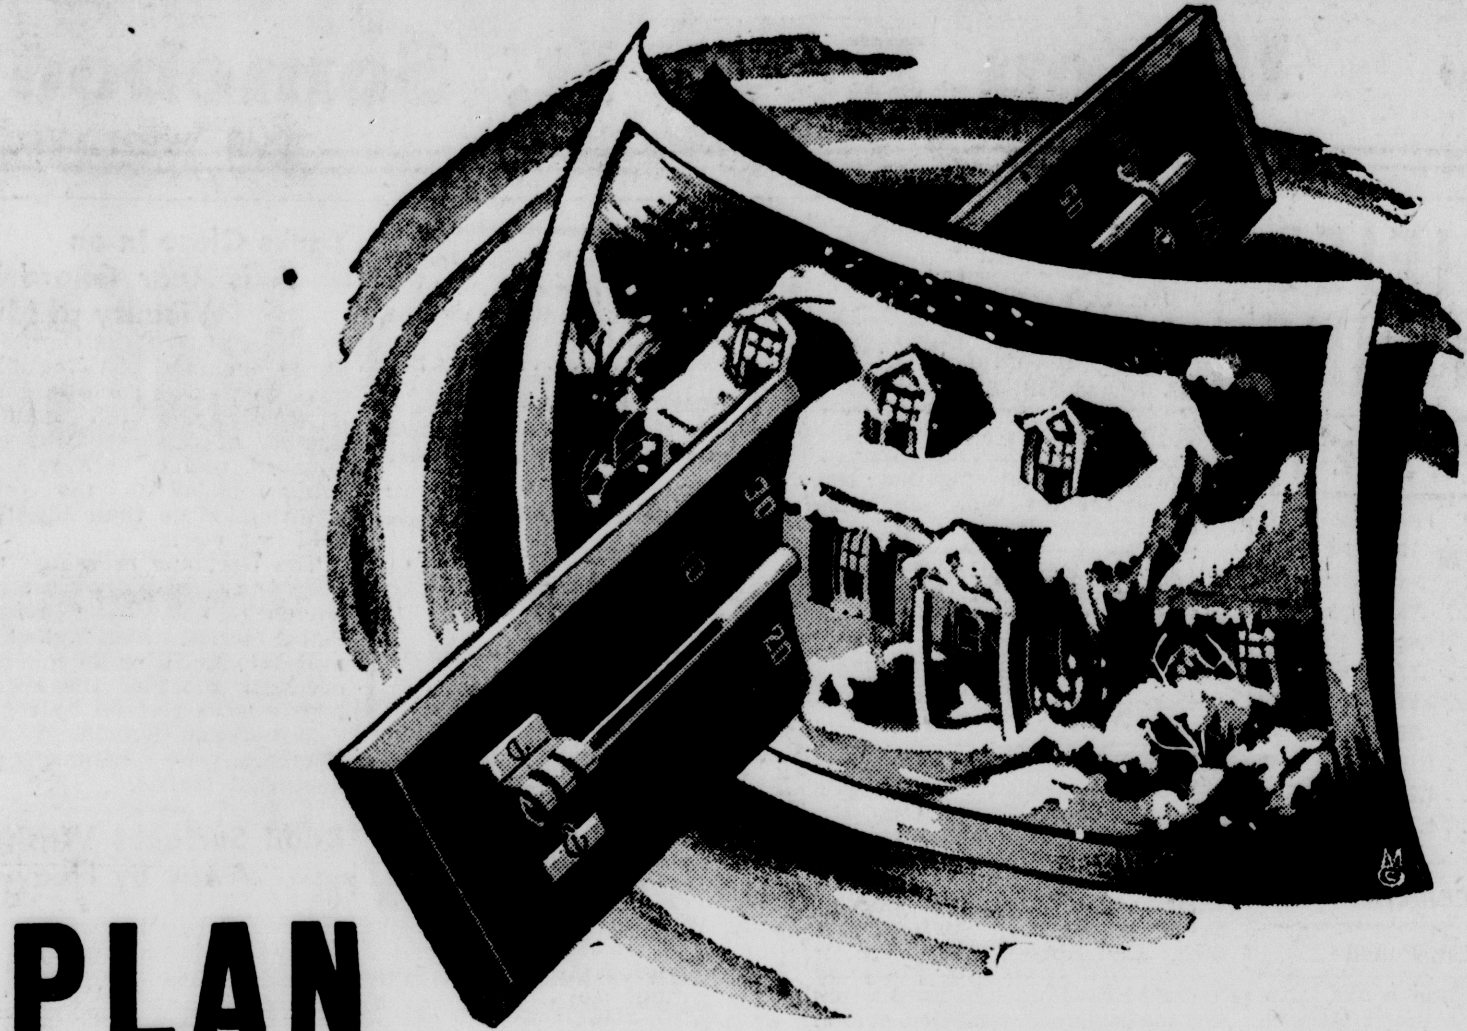

The problems and maneuvers are designed to prepare the guardsmen to whip into action immediately should an emergency develop in the keystone state that warranted calling out the state troops.

This reporter ended a brief stay at the camp with these words of Brigadier General Milton G. Baker, guard commander, ringing in my ears:

"When this summer encampment is over we will have in Pennsylvania 5,000 well-equipped, well-disciplined and well-trained troops prepared to meet virtually any emergency which might arise in the commonwealth. Of this Pennsylvania can well be proud."

The Third Regiment, with headquarters in Pittsburgh, had its here last Thursday visiting old friends.

Willing Workers of the Garland Methodist church will meet at the home of Mrs. William Gray next Thursday, August 12. The ladies are working on a quilt.

PLAN NOW—so that you can save on your *Fuel Bill*--next winter

The American Gas Association has warned gas users about a possible shortage of Gas next winter in the Eastern States unless all consumers practice strict conservation. This is true because of the great amount of Gas being used by war industries which are straining every productive capacity to meet the needs of the Armed Forces.

You can have a warmer home next winter and save on your fuel bill, by insulating your home—weather-stripping doors and windows or installing storm sash and doors. Complete insulation will make a worth while saving in your heating bill and give you added comfort throughout the year. Installation of storm sash and doors will help to keep your home cleaner. Weather-stripping doors and windows will also add to your comfort and aid in reducing your fuel costs.

Why not add to your comfort and help to conserve for war production by asking your dealer about the cost of insulating, weather-stripping and installation of storm doors and windows.

There's a good reason back of that request. It means that telephone circuits needed to complete your call are CROWDED • At those times, we know you'll understand and be glad to help. If your call isn't really urgent, perhaps you'd be willing to cancel it. Thank you.

What You Buy With WAR BONDS Prevents the "Bonds"

Before our fighting pilots take to the air for stratosphere flying they must be "super-up." To do this the pilot just before he takes off pedals a stationary motor driven bicycle to reduce the amount of nitrogen in his blood. Otherwise gas bubbles would collect in his blood stream.

The stationary bicycle is an inexpensive piece of equipment, but the vast quantities of this and other materials of war make it imperative for all of us to keep our fighting men well supplied by greater and greater purchases of War Bonds.
